Please note: No parking on site for Achievement Assemblies, due to transport buses arrival. Please park offsite and walk around to the Front Office to sign in. We are unable to open the back gate going forward.

Fully funded HAPpy Camps will be running during the summer school holidays!

For those in receipt of *benefits-related free school meals (FSM)*.

Activities will run at over 150 different locations across Hertfordshire from Monday 27 July to Friday 28 August 2026. Funded by the government, HAPpy camps are designed to help support you by giving your child access to FREE fun activities and food during the holidays. With many exciting things to do, the summer HAPpy programme will be an opportunity not to be missed!

There is a **new HAPpy Booking system** where you can search for and book activities, using your child's unique HAPpy Camp Booking Code. Unique Booking Codes will be sent by email from HAPpyCamps@herts.ac.uk directly to parents with children registered for FSM in Hertfordshire.

- Look out for your child's unique HAPpy Camp Booking Code in an email from HAPpyCamps@herts.ac.uk
- Once you have your child's unique code, use the link to pre-register on the new booking system and add your child's details.
- You must register your child before you can book.
- Bookmark this webpage [Click here to book](#)
- On **Monday 6 July 2026**, bookings will open from 12noon.

Message from the Director of Public Health Hertfordshire County Council re: Measles

The number of children with measles has increased since the start of the year, with most cases in unvaccinated children aged 10 years and under. Measles is a very infectious illness which can make children very unwell and sometimes leads to serious complications. Sadly, two children in England have died from measles in 2026.

In Hertfordshire we have had outbreaks of measles in some of our schools and cases of measles are increasing. I am therefore asking that parents take the following actions:

- Check your child's red book or the NHS App to make sure your child is up to date with their vaccinations.
- If your child has missed one or both doses of MMR, please contact your GP practice to arrange an appointment.
- You can also contact your local Community & School Aged Immunisation Service who run vaccination sessions for all ages. Details can be [found here](#).
- If your child is ill and you are worried it might be measles, [check symptoms of measles here](#). If you need help, please phone your GP or 111 and follow their advice.

An alternative vaccine is available for those who want to avoid pork products. You can find out about this when booking an appointment. The MMR vaccination is safe and free in the NHS and highly effective in protecting children from three serious diseases, Measles, Mumps and Rubella."
